**Global Convention on
SAFE SOUND, SNHL,
VERTIGO & TINNITUS**
Workshop on Vestibular &
Audiological Practices

Dear Colleagues

Welcome to Trivandrum, the capital city of God's Own Country, Kerala, for a unique academic conclave on **Safe Sound, Deafness and Vertigo**. We will be covering every aspect of the Health effects of Noise in addition to Management of Vertigo and Sensory Neural Deafness.

The Pre-conference Workshop will be an excellent opportunity for both PGs and practising clinicians to get a very comprehensive understanding of the Auditory and vestibular investigations essential for a successful ENT and Audiology practice.

We have kept the delegates fee very low intentionally ,to enable the upcoming ENT Surgeons and Audiologists to get updated on the very important subject of Noise Induced Health Issues, in addition to the ever increasing problem of Vertigo and Deafness.

On the last day, 25th August, a complementary visit to the world famous JATAYU NATURE PARK has been arranged for the early bird 100 delegates.

Even otherwise, we request you to register early, as the number of delegates has been fixed as 200.

Looking forward for a very fruitful academic interaction and memorable times.

Dr John Panicker
